

Praise the Lord!

*Our permanent residency paperwork has come, been signed for,
and we are now legally, permanent residents of Mexico!*

Please continue to pray though, because Tom is trying to get his Chiapas driver's license renewed. The people in the license bureau do not understand why our paperwork has no expiration date and have refused to give Tom a license. They have a call into the Tuxtla office to get permission. Pray that the person in charge there understands our status and authorizes them giving him a license. The Chiapas driver's license allows us to get a big discount on our truck insurance when we are in the US (about 1/3 of the price they would charge with only a US license).

Barring problems, we plan to leave here Saturday morning to begin driving to the US. Pray for our trip, safety from hurricanes, flooding or rain damaged roads. Pray that the license problem is resolved quickly.

In Jesus, Tom & Nancy, David & Joey
