

"We walk by faith and not by sight."

Please continue to pray about our truck situation down here. One mechanic here in Austin has already told us that it is impossible to get parts or an engine for our truck here. We will be calling around to other mechanics for second opinions. Meanwhile, we are considering how we could get the truck towed back to Mexico where there are parts and mechanics to repair it.

We will be looking around at used vehicles for sale here so please pray that the Lord shows us what plan He has for us and to guide us to His solution. Pray also for funding for whatever solution that He provides. Equip has opened a vehicle fund for us. If anyone wants to give to the truck fund, send the funds to Equip, with a note it is for Rach's vehicle fund.

Other prayer requests:

1. In the midst of our contact with friends in Mexico regarding our situation, we found a friend has been diagnosed with cancer and has been undergoing chemo for about a month. Only the Lord know if this friend is His child yet or not. Pray that the Lord would use this time in Delfino's life to make a firm decision about the direction his life has been taking and where he wants to spend eternity.
2. Comitán has been without city water since Dec.24th. Please be praying for the people there, especially the poor (with & without our tanks). Pray for the Lord to resolve this situation soon.

Thank you again for kneeling with us in prayer! Nancy
